

**Establish a unique “cloud based”  
Conference Website for better registration!**

# LIVE - AFFORDABLE - EASY TO USE

is a simple templated system, with its own online database, supported by the technology that has successfully delivered hundreds of conferences and over 30,000 delegate registrations!

## Marketing

- Use your imagination to brand your own event registration platform
- Seamless “look & feel” with a parent site or be unique
- Develop & upload your own invitational database
- Show sponsor logos with links on every page
- Mobile ready...better than an App

## Website Features

- Unique URL of your choice
- Home + multiple pages & sub pages
- Horizontal or vertical menu options
- Helpline contact panel: email, phone or chatline
- Registration status response (confirmed or waitlist)
- Secure re-entry page area for conference presentations and notes
- Abstract menu for online “call for papers” process and automated system
- Secure site re-entry to update registration details; ie workshop options
- Maintained online live 24/7
- Fully hosted & supported system
- No software or IT technical expertise required

## Setup

- DIY with our full support at your finger tips
- Design a unique header & footer
- “Cut & Paste” just like Word
- Insert text, images, links, video, tables....
- Turn pages on/off
- Specialist Abstract, Secure & Registration pages

## Payment

- Enables the use of cheques, EFT & credit card facilities
- Secure credit card payment gateway
- Instant credit card acceptance or rejection
- Email blast “unpaid” registrations

## Administration

- Fully contained multiple event database
- Password-protected multi-user entry & access segmentation
- Edit, lookup, sort & download capability
- Real-time reporting

## Event Management

- Instant delegate status information
- Enables tracking workshops, activities & payment
- Easily manage your accommodation and/or travel block
- Print name badges, conference programs & fulfillment

## New Features

- Abstract system to process “call for papers” online
- Secure page to hold conference papers, presentations & videos – access by delegate password only
- Duplicate an existing site structure with a click
